

## **ClearPath Action Statement on U.S. Rep. Fred Upton (R-MI) Retirement**

*Washington, DC* — ClearPath Action released the following statement regarding the announced retirement of U.S. Rep. Fred Upton (R-MI).

“U.S. Rep. Fred Upton is a true leader, and his level-headed approach to legislating will be sorely missed in Congress and on the House Energy & Commerce Committee. Throughout his tenure, he was a leading Republican voice on finding pragmatic solutions, ensuring the U.S. maintains our energy independence while safeguarding American jobs, and accelerating the competitive deployment of clean energy technologies,” **said ClearPath Action CEO Rich Powell.**

“Rep. Upton was also instrumental in passing the biggest bipartisan energy policy win of the 116th Congress, and the most significant energy legislation we’ve seen in over a decade with the Energy Act of 2020. The resulting technological innovation will provide options for both American and global energy systems to reduce global emissions and the risks of climate change,” **added Powell.**

### **About ClearPath Action**

ClearPath Action 501(c)(4) advocates for more clean energy innovation, modernized permitting and regulatory reform, America’s global competitiveness for manufacturing, and unlocking more American resources. ClearPath Action’s mission is to develop and advance conservative policies that accelerate clean energy innovation. To advance that mission, ClearPath Action develops cutting-edge policy and collaborates with academics and industry. Learn more at [clearpathaction.org](http://clearpathaction.org).
